room and outdoor air temperature as well as view and change the current room setpoint. The Microset LCD is also programmable.

Microset II - Alerton

The MS/TP Microset II utilizes the BACnet MS/TP network layer. This new sensor is perfect for split zone VAVs, multi-zone rooftop units, or any VLX, VLCA-1688, or VLC-16160 application where more than one room sensor with display is needed to meet the application, but the MS/TP Microset II can control multiple zones.
