Industry and a description of a lot of practices of the last century and what is prevelant in this century. I have tried my best to give examples. I have also given a lot of solutions to the existing problems. The main intention is to awake the staff which has been relentlessly working day and night to ensure that his industry standards are not compromised. But at the end of the day, their results do not bear the desired fruits.

Providing a coherent and multidisciplinary approach to digitalization, this Modern Guide aims to systematize how the digitalization process affects infrastructure-based industries, including telecommunications, transport, energy, water and postal services.
