~~Camelot 3000~~

Camelot 3000 is an American twelve-issue comic book limited series written by Mike W. Barr and penciled by Brian Bolland. It was published by DC Comics from 1982 to 1985 as one of its first direct market projects, and as its first maxi-series. It

more interior work.  
Now I prefer that he sticks to covers because almost every one is a masterpiece. Story-wise, it is significant because it is one of DC's first mature comics and helps set the stage for Vertigo and so on.
