A new adventure for this tiny miracle worker. The safety of this wonderful little girl could be in peril once again. Already, in the past, the ungodly demon of greed and selfishness had reared its ugly head. This caused the near fatal accident that took the little darling away from all of them. She must go into seclusion. WHILE ON THE 'LAM' "Make sure they don't forget that in between times when she is not performing these miraculous healings, that she is still only a six year old girl. She plays like one. She giggles like one. She cries like one." "Do you know the part out of all this that frightens the dickens out of us the most?" asked her Father. "No," replied the Priest. their work in the copper mines, and the complex interplay between Irish nationalism and worker consciousness. From a treasure trove of "Irish stuff," the reports, minutes, and correspondence of the major Irish-American organizations in Butte, Emmons shows how the stalwart supporters of the RELA and the Ancient Order of Hiberians marched and drilled for Irish freedom---and how, as they ran the town, the miners' union, and the largest mining companies, they used this tradition of ethnic cooperation to ensure safe and steady work, Irish mines taking care of Irish miners. Butte was new, overwhelmingly Irish, and extraordinarily dangerous---the ideal place to test the seam between class and ethnicity.
