Amazon.com: The Economics of Development and Planning

Economic development planning framework. Economic development strategic planning is critical to shaping a vibrant and economically competitive environment for the future of a community or region. Often, effective strategy development is as much about understanding what the organization will not do as what it will do. Accordingly, the best economic development plans focus on leveraging assets and strengths rather than overcoming challenges, and are characterized by a sharp focus on the ...

Municipal economic development strategic planning

State development planning or national planning entails macroeconomic policies and financial planning conducted by governments to stabilize the market or promote economic growth in market-based economies. This involves the use of monetary policy, industrial policy and fiscal policy to steer the market toward targeted outcomes.
