This is the first complete version in English of the "Book of the People" of the Quiche Maya, the most powerful nation of the Guatemalan highlands in pre-Conquest times and a branch of the ancient Maya, whose remarkable civilization in pre-Columbian America is in many ways comparable to the ancient civilizations of the Mediterranean. Generally regarded as America's oldest book, the Popol Vuh, in fact, corresponds to our Christian Bible, and it is, moreover, the most important of the five pieces of the great library treasures of the Maya that survived the Spanish Conquest. The Popol Vuh was first transcribed

Download File PDF Empiezan Las Historias Del Origen De Los Indios De Esta Provincia

De the Quiche language, but in Latin characters, in the middle of the sixteenth century, by some unknown but highly literate Quiche Maya Indian—probably from the oral traditions of his people. This now lost manuscript was copied at the end of the seventeenth century by Father Francisco Ximénez, then parish priest of the village of Santo Tomás Chichicastenango in the highlands of Guatemala, today the most celebrated and best-known Indian town in all of Central America. The mythology, traditions, cosmogony, and history of the Quiché Maya, including the chronology of their kings down to 1550, are related in simple yet literary style by the Indian chronicler. And Adrian Recinos has made a valuable

contribution to the understanding and enjoyment of the document through his thorough going introduction and his identification of places and people in the footnotes.

Etc

This innovative volume seeks to identify patterns in Mesoamerican symbolic representation that have persistence and coherence across the boundaries of time, space, culture, and language. The collection also includes consideration of recent and powerful arrivals on the Mesoamerican stage, notably, European political, economic, and religious systems.

Transformative Digital Humanities takes a two-

Download File PDF Empiezan Las Historias Del Origen De Los Indios De Esta Provincia

pronged approach to the digital humanities: it examines the distinct kinds of work currently being undertaken in the field, while also addressing current issues in the digital humanities, including sustainability, accessibility, interdisciplinarity, and funding. With contributions from humanities and LIS scholars based in China, Canada, England, Germany, Spain, and the United States, this collection of case studies provides a framework for readers to develop new projects as well as to see how existing projects might continue to develop over time. This volume also participates in the current digital humanities conversation by bringing forward emerging voices that offer new options for cooperation, by

Download File PDF Empiezan Las Historias Del Origen De Los Indios De Esta Provincia

demonstrating how the digital humanities can become a tool for activism, and by illustrating the potential of the digital humanities to reexamine and reconstitute existing canons. Transformative Digital Humanities considers what sorts of challenges still exist in the field and suggests how they might be addressed. As such, the book will be essential reading for academics and students engaged in the study of information science and digital humanities. It should also be of great interest to practitioners around the globe.

A Companion to Latin American Literature and Culture reflects the changes that have taken place in cultural theory and literary criticism since the latter part of

Download File PDF Empiezan Las Historias Del Origen De Los Indios De Esta Provincia

the twentieth century. Written by more than thirty experts in cultural theory, literary history, and literary criticism, this authoritative and up-to-date reference places major authors in the complex cultural and historical contexts that have compelled their distinctive fiction, essays, and poetry. This allows the reader to more accurately interpret the esteemed but demanding literature of authors such as Jorge Luis Borges, Mario Vargas Llosa, Octavio Paz, and Diamela Eltit. Key authors whose work has defined a period, or defied borders, as in the cases of Sor Juana Inés de la Cruz, César Vallejo, and Gabriel García Márquez, are also discussed in historical and theoretical context. Additional essays engage the reader with in-depth

Download File PDF Empiezan Las Historias Del Origen De Los Indios De Esta Provincia

discussions of forms and genres, and discussions of architecture, music, and film. This text provides the historical background to help the reader understand the people and culture that have defined Latin American literature and its reception. Each chapter also includes short selected bibliographic guides and recommendations for further reading.

Encompassing origin and creation stories as well as other ancient oral traditions, the Popol Vuh, which was originally written in Quiché, is the bible of the Mayan people. This translation is widely regarded as the most authoritative available, and includes the wonderful Limited Editions Club illustrations by

Everett Gee Jackson. Numerous Illustrations, 6 halftones.

Volumes 14 and 15 of the Handbook of Middle American Indians, published in cooperation with the Middle American Research Institute of Tulane University under the general editorship of Robert Wauchope (1909–1979), constitute Parts 3 and 4 of the Guide to Ethnohistorical Sources. The Guide has been assembled under the volume editorship of the late Howard F. Cline, Director of the Hispanic Foundation in the Library of Congress, with Charles Gibson, John B. Glass, and H. B. Nicholson as associate volume editors. It covers geography and
