edition. You are now encountering the field for the first time to tackle theories without fear. The authors introduce 32 diverse theories that are a mix of foundational and recent scholarship and, with the benefit of numerous examples and connections to pop culture, help students apply them to their own lives. This program ensures that students have a solid foundation with which to begin understanding the relationships between theories. Instructors and students can now access their course content through the Connect digital learning platform by purchasing either standalone Connect access or a bundle of print and Connect access. McGraw-Hill Connect® is a subscription-based learning service accessible online through your personal computer or tablet. Choose this option if your instructor will require Connect to be used in the course. Your subscription to Connect includes the following:

MEDIA EFFECTS RESEARCH, FOURTH EDITION, provides an excellent introduction for students studying mass media' effects on society. Through an engaging narrative style, the author presents fascinating research findings on media' impact and related mass media theories. Students are provided with a clear perspective of the relationship between science, methods, and practical questions about the effects of mass media. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

"If you're already familiar with A First Look at Communication Theory and understand the approach, organization, and main features of the book, you may want to jump

# Read Online First Look At Communication Theory 6th

ahead to the "Major Changes in the Tenth Edition" section. For those who are new to the text, reading the entire preface will give you a good grasp of what you and your students can expect. A Balanced Approach to Theory Selection. We've written A First Look for students who have no background in communication theory. It's designed for undergraduates enrolled in an entry-level course, regardless of the students' classification. The trend in the field is to offer students a broad introduction to theory relatively early in their program. But if a department chooses to offer its first theory course on the junior or senior level, the course will still be the students' first comprehensive look at theory, so the book will meet them where they are. Our goal in this text is to present 32 communication theories in a clear and interesting way. After reading about a given theory, students should understand the theory, know the

# Read Online First Look At Communication Theory 6th

research that supports it, see useful applications in their lives, and be aware of the theory's possible flaws. We hope readers will discover relationships among theories located across the communication landscape—a clear indication that they grasp what they're reading. But that kind of integrative thinking only takes place when students first comprehend what a theorist claims" --

Why are some speeches more powerful than others? What makes a great public speaker? There is an ocean of literature out there which can be overwhelming, and this book can be your starting point to navigate your journey in this subject from an academic point of view. This book is designed to help the reader understand the various interconnected components of public

# Read Online First Look At Communication Theory 6th

speaking when viewed together from three broad academic lenses. Together, these lenses make a unique kaleidoscope for the reader to answer the question as to why some speeches are more impactful than others. This kaleidoscope includes more than 50 parameters that engage in interplay among themselves to create an impactful communication and serve as a foundation for future academic work on this topic.

This engaging text explores how everyday talk--the ordinary kinds of communicating that people do in schools, workplaces, and among family and friends--expresses who we are and who we want to be. The authors interweave rhetorical and cultural perspectives on the "little stuff" of conversation: what we say and how we say it, the terms used to refer to others, the content

# Read Online First Look At Communication Theory 6th

and style of stories we tell, and more.

Numerous detailed examples show how talk is the vehicle through which people build relationships. Students gain skills for thinking more deeply about their own and others' communicative practices, and for understanding and managing interactional difficulties. New to This Edition \*Updated throughout to incorporate the latest discourse analysis research. \*Chapter on six specific speech genres (for example, organizational meetings and personal conversation). \*Two extended case studies with transcripts and discussion questions. \*Coverage of digital communication, texting, and social media. \*Additional cross-cultural examples. Pedagogical Features Include: \*A preview and summary in every chapter. \*Accessible explanations of core concepts. \*End-of-book glossary. \*Endnotes that identify key authors and suggest further reading.
