On the eve of the Civil War, most people of color in the United States toiled in bondage. Yet nearly half a million of these individuals, including over 250,000 in the South, were free. In *Beyond Slavery's Shadow*, Warren Eugene Milteer Jr. draws from a wide array of sources to demonstrate that from the colonial period through the Civil War, the growing influence of white supremacy and proslavery extremism created serious challenges for free persons categorized as "negroes," "mulattoes," "mustees," "Indians," or simply "free people of color" in the South. Segregation, exclusion, disfranchisement, and discriminatory punishment were ingrained in their collective experiences. Nevertheless, in the face of attempts to deny them the most basic privileges and rights, free people of color defended their families and established organizations and businesses. These people were both privileged and victimized, both celebrated and despised, in a region characterized by social inconsistency. Milteer's analysis of the way wealth, gender, and occupation intersected with ideas promoting white supremacy and discrimination reveals a wide range of social interactions and life outcomes for the South's free people of color and helps to explain societal contradictions that continue to appear in the modern United States.

Using a blend of travel narrative, interviews, theological insight, and biblical scholarship, Daniel tackles the controversial issues that surround undocumented migration in the United States by taking the reader to the spiritual, legal, and geographical front lines of the immigration debate. Here, the political becomes personal and talking points have a human face. The result of this journey is a compelling argument that encourages Christians to meet undocumented migrants as neighbors and as friends. Study questions are included.

For hundreds of years John Calvin's Commentaries have been admired and relied upon for their deep insights into Scripture. Charles Spurgeon told his students, "It would not be possible for me too earnestly to press upon you the importance of reading the expositions of that prince among men, John Calvin! Of all commentators I believe John Calvin to be the most candid. He was no trimmer and pruner of texts. He gave their meaning as far as he knew it. His honest intention was to translate the Hebrew and the Greek originals as accurately as he possibly could, and then to give the meaning which would naturally be conveyed by such Greek and Hebrew words: he laboured, in fact, to declare, not his own mind upon the Spirit's words, but the mind of the Spirit as couched in those words." And even Arminius himself admitted, "Next to the perusal of the Scriptures, which I earnestly inculcate, I exhort my pupils to peruse Calvin's commentaries, for I affirm that he excels beyond comparison in the interpretation of Scripture, and that his commentaries ought to be more highly valued than all that is handed down to us by the Library of the Fathers; so that I acknowledge him to have possessed above most others, or rather above all other men, what may be called an eminent gift of prophecy."
