(The format d(d,m(m).(yy)yy (using dots (which denote ordinal numbering))) is the traditional German date format. Since 1996-05-01, the international format yyyy-mm-dd has become the official standard date format, but the handwritten form d. 'monthname' yyyy is also accepted (see DIN 5008), standardization applies only for a small part of official correspondence.

Practical and time-tested methods for saving income tax. Every year, the Union Budget changes some tax provisions or the other. Which means every year you need expert guidance to figure out your best tax-saving options because while some tax reliefs may be obvious — others are buried in fine print. Every year, India's top taxation experts R.N. Lakhotia and Subhash Lakhotia provide you just that — all the best tax-saving solutions that you can profitably use, all packed in this bestselling tax guide. The 30th edition of the bestselling book, How to Save Income Tax through Tax Planning, by India's top tax experts R. N. Lakhotia and Subhash Lakhotia reveals the best tax-saving solutions for FY 2015-16, taking into account all the changes brought about by the latest Budget for FY 2015-16. Find out how you can reduce your taxes in FY 2015-16: * Tax saving through full claim of tax exemptions, deductions and rebates * How to reduce tax on your salary and perquisites * How to save tax on income from house property * How to save tax on capital gains * How to save tax through gifts and trusts * How to compute your taxable income * Filing your income tax return — the easy way * Tax planning for different stages of life * How to plan your investments to minimise taxes. Full of practical examples and expert guidance, this book is India's most trusted tax-saving guide, which is why The Hindu newspaper hails it as a book "packed with hundreds of ready-to-use tax saving ideas". And, remember, tax saved is additional money in your bank — to spend or invest as you want!

FEMA's Hazard Mitigation Grant Program is a powerful resource in the combined effort by Federal, State, and local government, as well as private industry and homeowners, to end the cycle of repetitive disaster damage. The Robert T. Stafford Disaster Relief and Emergency Assistance Act was passed on November 23, 1988, amending Public Law 93-288, the Disaster Relief Act of 1974. The Stafford Act included Section 404, which established the Hazard Mitigation Grant Program. In 1993, the Hazard Mitigation and Relocation Act amended Section 404 to increase the amount of HMGP funds available and the cost-share to 75 percent Federal. This amendment also encouraged the use of property acquisition and other non-structural flood mitigation measures. In an effort to streamline HMGP delivery, FEMA encourages States to develop their mitigation programs before disaster strikes. States are adopting a more active HMGP management role. Increased capabilities may include: Conducting comprehensive all-hazard mitigation planning prior to disaster events; Providing applicants technical assistance on sound mitigation techniques and hazard mitigation policy and procedures; Coordinating mitigation programs through interagency teams or councils; Conducting benefit-cost analyses; and Preparing National Environmental Policy Act reviews for FEMA approval. States that integrate the HMGP with their frequently updated State Administrative and Hazard Mitigation Plans will create cohesive and effective approaches to loss reduction. This type of coordinated approach minimizes the distinction between "pre-disaster" and "post-disaster" time periods, and instead produces an ongoing mitigation effort. Hazard mitigation is any sustained action taken to reduce or eliminate long-term risk to people and property from natural hazards and their effects. A key purpose of the HMGP is to ensure that the opportunity to take critical mitigation measures to protect life and property from future disasters is not lost during the recovery and reconstruction process following a disaster. Program grant funds available under Section 404 of the Stafford Act provide States with the incentive and capability to implement mitigation measures that previously may have been infeasible. The purpose of this Desk Reference is to: Provide comprehensive information about FEMA's Hazard Mitigation Grant Program (HMGP); Increase awareness of the HMGP as an integral part of statewide hazard mitigation efforts; and Encourage deeper commitments and increased responsibilities on the part of all States and communities to reduce damage and losses from natural disasters. This Desk Reference is organized to simplify program information and assist the reader with practical guidance for successful participation in the program. Lists of program-related acronyms and definitions are included, along with appendices that amplify selected aspects of the HMGP. This Desk Reference is organized into 14 sections, each of which presents a major HMGP subject area. In each section, information is presented on the right side of the page. In several sections, job aids containing supplemental material are provided. The job aids for each section can be found at the end of the section. At the front of each section, there is a detailed table of contents to help you locate specific information.
