Step 1 of 2. Networking gadgets Inc. has 8 persons currently working there when company hires 10 more persons and centralized storage for project files and only authorized person can accesses the project files. In this situation user should not choose peer-to-peer network for networking gadgets because peer-to-peer network is suitable only for small network consisting of minimum number of systems say 8-10 systems and also centralized storage is not possible as files are scattered and stored ...
