A groundbreaking book about the nineteenth century obsession with hysteria.

How high a price will one man pay to know love?For Jonah Noble, life has always been his world - his way. But now, confronted with his own mortality, and staring certain death in the face, he realises his one regret... Will Leticia be his last chance? He knows she has feelings for him, but can he ever feel the same strength of emotion for her?Can Jonah make the leap of faith that will put his heart in danger?It's his world. His way. But now his life is on the line...

Rick Stanton was a promising professional baseball player with dreams of playing in the major leagues and starting a family with his young wife, Francesca, when World War II changed everything. Rick returns from the war with his body broken and his dreams shattered. But it was not just body and spirit he sacrificed for the war. He and Francesca volunteered their beloved dog, Pax, for the Army's K-9 Corp, not knowing if they'd ever see him again. Keller Nicholson is the soldier who fought the war with Pax by his side, and the two have the kind of profound bond that can only be forged in war. Pax is the closest Keller has to a sense of family, and he can't bear the thought of returning him to the Stantons. But Rick and Francesca refuse to give him up. Instead, an arrangement is made: Keller will work as Rick's live-in aide. And thus an unlikely family is formed, with steadfast Pax at the center. As they try to build a new life out of the ashes, Keller and Francesca struggle to ignore their growing attraction to each other, and Rick, believing that he can no longer give Francesca what she needs and wants, quietly plans a way out. All three of them need healing. All three of them are lost. And in Susan Wilson's A Man of His Own, Pax, with his unconditional love and unwavering loyalty, may be the only one who can guide them home.

A retelling of five folktales in which crafty Brer Rabbit tries to outsmart all the other creatures in the animal community.

Drawing on extensive interviews and unpublished letters, as well as his own encounters with Mailer, this authoritative biography of the eminent novelist, journalist and controversial public figure chronicles his entire career and his self-conscious effort to create a distinctive identity for himself.
