THE STORY: Comprised of a series of interrelated scenes, the play traces the coming of age of Heidi Holland, a successful art historian, as she tries to find her bearings in a rapidly changing world. Gradually distancing herself from her friends, she watches them move from the idealism and political radicalism of their college years through militant feminism and, eventually, back to the materialism that they had sought to reject in the first place.

Although a bit dated, The Heidi Chronicles still remains an important reminder of the tough choices we all make when we try to chase not just one but a whole handful of dreams. Suggested Reading Wasserstein explores some of the same themes (women's rights, political activism, women who love gay men) in her comical family drama: The Sisters Rosenweig .

" In the world of The Age of Innocence, a financial disaster or moral scandal would permanently exile a guest from the finest dinner tables. In contemporary New York, a mere change of fashion can eliminate a place setting; therefore, the need to maintain a rigidity not of morals, but of taste, seems all the more desperate. "

Wendy Wasserstein Quotes (Author of The Heidi Chronicles)

A dinner party in an ornate mansion on the fashionable Upper East Side of Manhattan provides the scene for this witty and incisive play. Set in two eras--the early 1900s and our own Gilded Age--the characters move effortlessly from one period to the other. The host, a contemporary master of high-risk arbitrage, steps in and out of character as a robber baron of an earlier time. His guests of today include a Hollywood director, a not-so-cutting-edge sculptor, an online lingerie designer, an aggressive publicist, and an aging historian. Their counterparts from the past are the great man's rebellious son, a grand dame of New York society, the architect who built the mansion originally, and the maids and servants who maintain it. In this dance of rich storytelling and social commentary, it becomes strikingly clear that while old money has become new, little else has changed over the years. Children still rebel against their controlling parents, women still hope for love, and greed, snobbery, and angst persist.

Three Jewish middle-aged sisters, originally from Brooklyn, come together in Queen Anne's Gate, London, to celebrate the fifty-fourth birthday of Sara, the eldest, now a brilliant British banker. Divorced, a single mother, Sara no longer sees the necessity for romance. Gorgeous, suburban housewife and mother, is also a talk-show personality. And Pfeni, journalist and travel writer, still hasn't written her serious book on the women of Tajikistan. Pfeni's boyfriend, Geoffrey, director of the hit musical The Scarlet Pimpernel, brings to Sara's house Mervyn, a faux furrier, "the world leader in synthetic animal protective covering". Sara meets Merv and finds that even at fifty-four there are possibilities. An exuberant, heart-warming, contemporary comedy by one of America's best playwrights.

THE STORY: The play deals with the post-college careers (and dilemmas) of two former classmates, a short, slightly plump would-be writer named Janie Blumberg, and her tall, thin gorgeous WASP friend, Harriet Cornwall. Both are struggling to escape
