International tax. Our tax solicitors advise on the international tax issues that often arise when someone owns assets in more than one country, or has some other connection with a foreign jurisdiction. Our expertise in cross-border issues means that we can tackle almost any legal matter. Areas of law on which we offer specialist advice include: marriage and civil partnership - we advise on pre and post-nuptial contracts and the effects of matrimonial property regimes across international ...

BASIC INTERNATIONAL TAXATION Second Edition Volume I ...

International taxation is the study or determination of tax on a person or business subject to the tax laws of different countries, or the international aspects of an individual country's tax laws as the case may be. Governments usually limit the scope of their income taxation in some manner territorially or provide for offsets to taxation relating to extraterritorial income.

International taxation - Wikipedia

tional customary tax law. In this context it is international tax lawyers who have most to gain by listening to international lawyers. Section V concludes by returning to the question posed above, answering in the affirmative, and then summarizing the ways international tax lawyers and international lawyers can learn from each other. II.

International Taxation. Traditionally, international taxation refers to treaty provisions relieving international double taxation. In broader terms, it includes domestic legislation covering foreign income of residents (worldwide income) and domestic income of non-residents; domestic legislation and treaty provisions containing rules against international tax avoidance and evasion; domestic legislation and treaty provisions relieving international economic double taxation; EC Directives and ...

International Taxation | South African Tax Guide

Taxation is, by and large, the most important source of government revenue in nearly all countries. According to the most recent estimates from the International Centre for Tax and Development, total tax revenues account for more than 80% of total government revenue in about half of the countries in the world – and more than 50% in almost every country.

Taxation - Our World in Data

Experience. About. In the ever-changing economic environment, tax regimes similarly evolve. Today, governmental efforts to increase or maintain tax revenue levels pose new and difficult challenges for tax planning and dispute resolution for corporations, partnerships, and individuals alike. Globalization also creates complex tax issues requiring deep
