Nearing Hungry Horse By: Carol Woster Bodil Strand returns home to Hungry Horse, Montana. The land has a rich history of miners and outlaws, artists and religious communities, proud people living in a beautiful and dangerous land. But Bodil finds the town is slowly being crushed by the vicious practices of the local social worker, Walter Schultz, who breaks apart families and creates a ruthless cycle of poverty and dependence. As a reporter for the local paper, Bodil also acts as confessor for the townspeople 's secrets, hopes, and fears. There 's Tarra and Morgan, whose marriage is crumbling under financial strain; Rudy, a struggling veteran; Jane, depressed and in love with Rudy; Pastor Kiefer, too proud to provide for his disillusioned flock; and Owen Wells and his wife, whose grandchildren were taken away by the state on false abuse charges. Bodil tries to write the truth in her articles, to capture the spirit of her beaten and broken neighbors as they try to live lives of freedom and hope. Epic in scope and intimate in scale, Nearing Hungry Horse reflects on the peril of supposed progress in a wild land.

Think you know everything there is to know about Hammer Films, the fabled "Studio that Dripped Blood?" The lowdown on all the imperishable classics of horror, like The Curse of Frankenstein, Horror of Dracula and The Devil Rides Out? What about the company's less blood-curdling back catalog? What about the musicals, comedies and travelogues, the fantasies and historical epics--not to mention the pirate adventures? This lavishly illustrated encyclopedia covers every Hammer film and television production in thorough detail, including budgets, shooting schedules, publicity and more, along with all the actors, supporting players, writers, directors, producers, composers and technicians. Packed with quotes, behind-the-scenes anecdotes, credit lists and production specifics, this all-inclusive reference work is the last word on this cherished cinematic institution.

THE SUNDAY TIMES HISTORY BOOK OF THE YEAR 2017 'A beautiful and thoughtful exploration of the role of the horse in creating our world' James Rebanks 'Scintillating, exhilarating ... you have never read a book like it ... a new way of considering history' Observer The relationship between horses and humans is an ancient, profound and complex one. For millennia horses provided the strength and speed that humans lacked. How we travelled, farmed and fought was dictated by the needs of this extraordinary animal. And then, suddenly, in the 20th century the links were broken and the millions of horses that shared our existence almost vanished, eking out a marginal existence on race-tracks and pony clubs. Farewell to the Horse is an engaging, brilliantly written and moving discussion of what horses once meant to us. Cities, farmland, entire industries were once shaped as much by the needs of horses as humans. The intervention of horses was fundamental in countless historical events. They were sculpted, painted, cherished, admired; they were thrashed, abused and exposed to terrible danger. From the Roman Empire to the Napoleonic Empire every world-conqueror needed to be shown on a horse. Tolstoy once reckoned that he had cumulatively spent some nine years of his life on horseback. Ulrich Rauff's book, a bestseller in Germany, is a superb monument to the endlessly various creature who has so often shared and shaped our fate.

Few sports parallel each other the way riding and yoga do. The "stillness in motion" of yoga equals the "effortless effort" of riding. What we learn in the yoga studio can easily be transferred to the saddle. Balance is the biggest key to riding. Our horses feel and react to every move we make when we ride them, however subtle. Yoga teaches us how to recognize the unbalanced errors and correct them before we get on the horse. Cathy Reynold's new program uses the similarities of yoga and riding to connect students to themselves with body awareness and meditation, and to their horses with new balance. Book jacket.

Drawn from Birmingham Museums Trust's incomparable collection of Victorian art and design, this exhibition will explore how three generations of young, rebellious artists and designers, such as Edward Burne-Jones, John Everett Millais, and Dante Gabriel Rossetti, revolutionized the visual arts in Britain, engaging with and challenging the new industrial world around them.

For an accessible, comprehensive global survey of the world's major civilizations, Adler and Pouwels's WORLD CIVILIZATIONS offers a great balance between detail and brevity. This unique student-oriented text offers 53 short chapters accompanied by strong pedagogy and critical thinking tools, giving instructors the flexibility to assign a wide range of major topics in world history in a variety of different ways, while making learning more manageable for students. The focused treatment of topics throughout history covers every major epoch and follows broad patterns and processes, while illuminating history through specific examples and a particular emphasis on social and cultural topics. Among other updates, the eighth edition includes new content that illustrates how the world has become increasingly interdependent, gives more attention to the non-Western world and its peoples, and provides sharper focus on the importance of women

365 daily reflections offering a way to integrate the mindfulness that yoga teaches into everyday life, from the acclaimed yoga teacher, Rolf Gates. As more and more people in the West pursue yoga in its various forms, whether at traditional centers, in the high-powered atmosphere of sports clubs, or on their own, they begin to realize that far from being just another exercise routine, yoga is a discipline of the body and the mind. Whether used in the morning to set the tone for the day, during yoga exercise itself, or at the end of the day, during evening reflection, the daily reflections in Meditations from the Mat will support and enhance anyone 's yoga journey.
