Follow Wendy Ward's tutorials to make a collection of comfortable and stylish garments. Wendy's style is functional but beautiful basics, and you will learn the skills to make garments out of knitted fabrics that drape beautifully and are a joy to wear. There are t-shirts, wide-leg trousers, lounge trousers, tank tops, cardigans, skirts, and dresses made in versatile fabrics that can be dressed up or down. Both beginners and more experienced dressmakers often avoid using knitted fabrics, but Wendy will show you how to successfully sew them with just a regular sewing machine. You will learn essential skills with the help of a comprehensive techniques section that includes a guide to different types of knitted fabrics and their uses (including jersey, sweatshirt fabric, boiled wool, and many more), how to prepare them for making clothes, setting up your sewing machine, which needles you need, sewing seams and hems, and using elastic. There are also full-size patterns for every garment included at the back of the book, so you will have all the information you need to start making your own perfect wardrobe!

Presents step-by-step instructions for creating twenty-four soft dolls, including Margot, a topsy-turvy doll; Evelyn, an inchworm wearing glasses; and Koji, a spiked monster.

Break the rules with a sewing style that's all about irresistibly rough edges, uneven stitching and mismatched fabric! Step into the studio of popular textile designer Poppy Treffry, as she demonstrates how to create quirky, fun and memorable sewing projects using freehand machine embroidery, in this follow up to her first book Free and Easy Stitch Style. Learn to draw and doodle with your sewing machine, using scraps of new, used and vintage fabrics for one-of-a-kind creations. This book will make you look at your sewing machine in a whole new light - not just as a maker of curtains and tablecloths, but as an artist's tool. As you work your way through the steps and become more confident with the techniques, you'll be able to make your sewing machine do things you never thought it could! Poppy guides you through the basics, from getting to grips with your sewing machine and setting the right tension to choosing fabrics and hooping up ready to stitch. She then demonstrates how the core techniques, including outlining, shading and applique, are used to create pictures with charm. She shows how layering fabric pieces and leaving edges to fray add to the unique and personal effect. Once you have mastered the techniques, 16 projects allow you to put your new skills to use to make practical and desirable sewn objects. Make your own embroidered craft kit in the Getting Crafty chapter, with needlecase, pincushion, sewing kit and knitting bag designs. Create beautiful gifts for little ones in the New Arrivals chapter, with a tooth fairy pillow pouch, baby bib, nursery wall hanging and quilted baby blanket. Set the stage for a celebration in the Party Time chapter, with nautical bunting, place name tags, a party bag and a stunning tablecloth design. Finally, have a great getaway with the Happy Holidays chapter, with designs for a sunglasses case, bookmark, wash bag and beach backpack. With style and substance, these charming project ideas are sure to excite and inspire you. Step-by-step instructions, helpful illustrations and photographs combine with a fresh design to offer you a new twist in needlecrafting.

A beautiful book that not only helps families develop traditions based on the significance of Thanksgiving, but also builds a foundation of gratefulness in their lives.

More than just a pair of days, a weekend is also a state of mind—a feeling of relaxation and freedom to immerse ourselves fully in a favorite activity. In Weekend Sewing, designer Heather Ross presents creative projects for clothing, accessories, and home items that can be made in a weekend or less. Some, like the Quick Garden Gloves and Ruby's Bloomers, take a few hours; others, like the Weekend-Away Travel Bag and Trapeze Sundress, require a day or two—but all of them capture that weekend feeling. And because weekends are often the most fun when they're social, Ross features ideas that encourage us to share our stitching and our time, such as a recipe for soup to simmer while sewing, then serve to guests later in the day, and tips for transporting a sewing machine to a friend's house for an afternoon of social stitching. The sewing instructions are beautifully illustrated.

Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

A blistering romantic suspense novel from the New York Times bestselling author of Pursuit. Far from her sensible life as an English teacher in Kansas, Lora looks forward to a relaxing vacation in Cancun. But fate thwarts her careful plans when a darkly handsome American named Max jumps into her car with a loaded gun.

Sewing machines are complicated machines, but with the instruction you'll find in Sewing Machine Magic, you can make even an old sewing machine work wonders. With just a little know-how and the right accessories, you can get the most out of your sewing machine and give all your sewing and quilting projects a professional look! In Sewing Machine Magic, author and sewing expert Steffani Lincecum shares 30+ years of experience on how to handle a sewing machine with greater ease and confidence, and explains how to easily find and use the right presser footand other accessories for your machine, whether you purchased it at retail or found it at a yard sale. You'll learn the logistics of managing thread, how to achieve the proper stitch formation for every project, and how to troubleshoot a variety of common sewing problems. Learn to use more than 30 presser feet and other accessories, from the basics to more specialized tools designed to maximize efficiency, precision, and creativity. The 10 fashion and home decor projects show inventive ways to use some of the feet and accessories.

Sewing Essentials, first published in 1984, has long been recognized as the one book every sewing enthusiast should own. This popular book has been updated, making it even more appealing for today's sewers. Clearly written instructions and more than 450 full-color photographs lead you step-by-step through all common sewing techniques. It's like having your own personal sewing instructor right beside you. Get professional guidance on all of these topics: Sewing equipment and tools Using patterns Selecting and preparing fabrics All kinds of seams and seam finishes Darts, gathers, hems, zippers and buttonholes Facings, cuffs, collars and waistbands Whether you are just learning to sew or have sewn for years, you'll find this book a valuable reference. Singer New Sewing Essentials, Updated and Revised Edition is your guide to sewing success.
