The fact that men and women continue to receive unequal treatment at work is a point of contention among politicians, the media, and scholars. Common explanations for this disparity range from biological differences between the sexes to the conscious and unconscious biases that guide hiring and promotion decisions. *Just One of the Guys?* sheds new light on this phenomenon by analyzing the unique experiences of transgender men—people designated female at birth whose gender identity is male—on the job. Kristen Schilt draws on in-depth interviews and observational data to show that while individual transmen have varied experiences, overall their

Read Online Just One Of The Guys Kristan Higgins

stories are a testament to systemic gender inequality. The reactions of coworkers and employers to transmen, Schilt demonstrates, reveal the ways assumptions about innate differences between men and women serve as justification for discrimination. She finds that some transmen gain acceptance—and even privileges—by becoming “just one of the guys,” that some are coerced into working as women or marginalized for being openly transgender, and that other forms of appearance-based discrimination also influence their opportunities. Showcasing the voices of a frequently overlooked group, *Just One of the Guys?* lays bare the social processes that foster forms of inequality that affect us all.

In a last-ditch effort to find the man of her dreams, Chastity O'Neil, an editor and soon-to-be spinster, gives online dating a try, with interesting results.

From New York Times bestselling author Kristan Higgins comes a beloved tales about fresh starts! Journalist Chastity O' Neill is tired of being just one of the guys. When returns to her hometown, she decides it's time to get in touch with her feminine side. While doing a story on local heroes, she meets a hunky doctor who is the perfect candidate to test her newfound womanly wiles. There's only one problem: Trevor Meade, her first love and the one man she's never quite gotten over—although he seems to have gotten over her just fine. Yet the more time she spends with Dr. Perfect,

and learn to be a "lady" while the guys move on without her. Then Toni meets Emma Elizabeth, a girl at school with boy troubles, and she volunteers one of her friends as a pretend date. Word spreads of Toni's connections with boys, and she discovers that her new wealthy female classmates will pay big money for fake dates. Looking for a way to connect her old best friends with her new life at school, Toni and Emma start up Toni Valentine's Rent-A-Gent Service. But the business meets a scandal when Toni falls for one of her friends--the same guy who happens to be the most sought-after date. With everything she's built on the line, Toni has to decide if she wants to save the business and her old life, or let go of being one of the guys for a chance at love.

Female-to-male crossdressing became all the rage in the variety shows of nineteenth century America, and began as the domain of mature actresses who desired to extend their careers. These women engaged in the kinds of raucous comedy acts usually reserved for men. Over time, as younger women entered the specialty, the comedy became less pointed, and came to center on the celebration of male leisure and fashion. Gillian M. Rodger uses the development of male impersonation from 1820 to 1920 to illuminate the history of the variety show. Exploding notions of high- and lowbrow entertainment, Rodger looks at how both performers and forms consistently expanded upward toward respectable " and richer " audiences. At the same time, she illuminates a lost theatrical world where women

Read Online Just One Of The Guys Kristan Higgins

made fun of middle class restrictions even as they bumped up against rules imposed in part by audiences. Onstage, the actresses' changing performance styles reflected gender construction in the working class and shifts in class affiliation by parts of the audiences. Rodger observes how restrictive standards of femininity increasingly bound male impersonators as new gender constructions allowed women greater access to public space while tolerating less independent behavior from them.

First performed in a hit off-off-Broadway production, and soon to be a film starring Sigourney Weaver and Anthony LaPaglia, *The Guys* is a timeless drama about the surprising truths people can discover in ordinary lives, and the

connections we make with others and ourselves in times of tragedy. Paralyzed by grief and unable to put his thoughts into words, Nick, a fire captain, seeks out the help of a writer to compose eulogies for the colleagues and friends he lost in the catastrophic events of September 11, 2001. As Joan, an editor by trade, draws Nick out about “the guys,” powerful profiles emerge, revealing vivid personalities and the substance and meaning that lie beneath the surface of seemingly unremarkable people. As the individual talents and enthusiasms of the people within the small firehouse community are realized, we come to understand the uniqueness and value of what each person has to contribute. And Nick and Joan, two people who under normal circumstances never would have met, jump the well-

book draws on interviews from girls in two mid-sized midwestern cities with relatively new gang histories, St. Louis, Missouri and Columbus, Ohio. It discusses how and why girls join gangs, the nature of girls' involvement in gangs (including initiation rituals, gang rules, inter-gang rivalries, and criminal activities), and how gang involvement shapes girls' participation in delinquency and their risk of victimization, as well as the ways their gender affects this experience.
