The last book-length work of fiction by J. D. Salinger published in his lifetime collects two novellas about "one of the liveliest, funniest, most fully realized families in all fiction" (New York Times). These two novellas, set seventeen years apart, are both concerned with Seymour Glass—the eldest son of J. D. Salinger's fictional Glass family—as recalled by his closest brother, Buddy. "He was a great many things to a great many people while he lived, and virtually all things to his brothers and sisters in our somewhat outsized family. Surely he was all real things to us: our blue-striped unicorn, our double-lensed burning glass, our consultant genius, our portable conscience, our supercargo, and our one full poet..."

Buddy Glass introduces his older brother and describes the events of Seymour's wedding day

First published in the New Yorker in the 1950s, 'Raise High the Roof Beam, Carpenters and Seymour - an Introduction' are two novellas narrated by Buddy Glass. In the first, Buddy has taken leave from the army during World War II to attend the wedding of the eldest Glass brother, Seymour, and an atmosphere of portentous suspense sets the scene for the tragedy that will follow. In the second, Buddy reminisces about Seymour and the novella unfolds into an exploration of a complex and sad character which displays tenderness.

"Perhaps the best book by the foremost stylist of his generation" (New York Times), J. D. Salinger's Franny and Zooey collects two works of fiction about the Glass family originally published in The New Yorker. "Everything everybody does is so—I don't know—not wrong, or even mean, or even stupid necessarily. But just so tiny and meaningless and—sad-making. And the worst part is, if you go bohemian or something crazy like that, you're conforming just as much only in a different way." A novel in two halves, Franny and Zooey brilliantly captures the emotional strains and traumas of entering adulthood. It is a gleaming example of the wit, precision, and poignancy that have made J. D. Salinger one of America's most beloved writers.

The "original, first-rate, serious, and beautiful" short fiction (New York Times Book Review) that introduced J. D. Salinger to American readers in the years after World War II, including "A Perfect Day for Bananafish" and the first appearance of Salinger's fictional Glass family. Nine exceptional stories from one of the great literary voices of the twentieth century. Witty, urbane, and frequently affecting, Nine Stories sits alongside Salinger's very best work—a treasure that will passed down for many generations to come. The stories: A Perfect Day for Bananafish Uncle Wiggily in Connecticut Just Before the War with the Eskimos The Laughing Man Down at the Dinghy For Esme—with Love and Squalor Pretty Mouth and Green My Eyes De Daumier-Smith's Blue Period Teddy

NATIONAL BESTSELLER • The inspiration for the major motion picture Rebel in the Rye One of the most popular and mysterious figures in American literary history, the author of the classic Catcher in the Rye, J. D. Salinger eluded fans and journalists for most of his life. Now he is the subject of this definitive biography, which is filled with new information and revelations garnered from countless interviews, letters, and public records. Kenneth Slawenski explores Salinger's privileged youth, long obscured by misrepresentation and rumor, revealing the brilliant, sarcastic, vulnerable son of a disapproving father and doting mother. Here too are accounts of Salinger's first broken heart—after Eugene O'Neill's daughter, Oona, left him—and the devastating World War II service that haunted him forever. J. D. Salinger features this author's dramatic encounters with luminaries from Ernest Hemingway to Ella Kazan, his office intrigues with famous New Yorker editors and writers, and the stunning triumph of The Catcher in the Rye, which would both make him world-famous and hasten his retreat into the hills of New Hampshire. J. D. Salinger is this unique author's unforgettable story in full—one that no lover of literature can afford to miss. Praise for J. D. Salinger: A Life "Startling . . . insightful . . . [a] terrific literary biography."—USA Today "It is unlikely that any author will do a better job than Mr. Slawenski capturing the glory of Salinger's life."—The Wall Street Journal "Slawenski fills in a great deal and connects the dots assiduously; it's unlikely that any future writer will uncover much more about Salinger than he has done."—Boston Sunday Globe "Offers perhaps the best chance we have to get behind the myth and find the man."—Newsday "[Slawenski has] greatly fleshed out and pinned down an elusive story with precision and grace."—Chicago Sun-Times "Earnest, sympathetic and perceptive . . . [Slawenski] does an evocative job of tracing the evolution of Salinger's work and thinking."—The New York Times

Three formative short stories by one of the most significant American writers of the twentieth century. A cocktail party conversation is most revealing in what is left unsaid. Tensions between a brother and sister escalate to violent threats. A soldier heading off to war is torn between duty to his country and to his family. These stories, first published in magazines in the 1940s and long out of print, showcase the formidable talent that would blossom in The Catcher in the Rye. The first book by J. D. Salinger to be published in fifty years, Three Early Stories is a crucial addition to the shelves of Salinger fans and newcomers to his work alike. Jerome David Salinger published just one novel and three short story collections in his lifetime, but is regarded as one of the most influential American writers of the twentieth century. His books - The Catcher in the Rye, Nine Stories, Franny and Zooey and Raise High the Roof Beam, Carpenters and Seymour: An Introduction - were published between 1951 and 1963, and Salinger lived most of his later life out of the public eye. J. D. Salinger died in 2010.

The author writes: FRANNY came out in The New Yorker in 1955, and was swiftly followed, in 1957 by ZOOEY. Both stories are early, critical entries in a narrative series I'm doing about a family of settlers in twentieth-century New York, the Glasses. It is a long-term project, patently an ambiguous one, and there is a real-enough danger, I suppose that sooner or later I'll bog down, perhaps disappear entirely, in my own methods, locutions, and mannerisms. On the whole, though, I'm very hopeful. I love working on these Glass stories. I've been waiting for them most of my life, and I think I have fairly decent, monomaniacal plans to finish them with due care and all-available skill.
