Argues that if nothing is done to stop the squandering of fish stock, the ecological balance of life in the oceans will face collapse and millions of people could starve, and examines the causes and implications of the problem.

"Wholly addictive, entirely magical series, set in Sicily and starring a detective unlike any other in crime fiction... altogether transporting."--A.J. Finn, #1 New York Times bestselling author A WASHINGTON POST BEST MYSTERY OF 2019 A BEST BOOK OF 2019, NPR's Book Concierge A wave of refugees has arrived on the Sicilian coast, and Inspector Montalbano and his team have been stationed at port, alongside countless volunteers, to receive and assist the newcomers. Meanwhile, Livia has promised their presence at a friend's wedding, and the inspector, agreeing to get a new suit tailored, meets the charming master seamstress Elena Biasini. But while on duty at the dock one late night, tragedy strikes, and a woman is found gruesomely murdered. Between managing the growing crowds at the landing, Montalbano delves into the world of garments, in the company of an orphaned cat, where he works to weave together the loose threads of the unsolved crimes and close the case.

For more than a century, the American Telephone & Telegraph Co. was a towering fixture in the American business landscape. At the forefront of the global communications revolution, AT&T led the way in the development of the telephone, wireless communication, and the Internet. But at the end of the twentieth century, with one man floundering at the helm, the corporate giant collapsed. It was the end of an era. Veteran telecom journalist Leslie Cauley pursued the story for over a decade and witnessed the entire debacle. At The Wall Street Journal and at USA Today, she has earned a reputation for aggressive investigation of the numerous industry shake-ups -- none more dramatic than AT&T's headlong plunge as it misguidedly attempted to become a broadband leader. Cauley gained access to current and former AT&T executives, boardmembers, and other insiders. Filled with new and controversial material and peopled by a cast of characters worthy of a Shakespearean drama, this is the first book to chronicle this riveting tale. Up through the late 1990s, AT&T -- tough, innovative, resourceful -- seemed infallible. For industry insiders and for the general public, it loomed as an emblem of American business prowess and, even more, of the American Dream fulfilled. End of the Line is an unprecedented account of the ruin of an icon and one of the shattering corporate events of our time.

In this classic of Russian humor and social commentary, a fired cable fitter goes on a binge and hopes a train to Petushki (where his "most beloved of trollops" awaits). On the way he bestows upon angels, fellow passengers, and the world at large a magnificent monologue on alcohol, politics, society, alcohol, philosophy, the pains of love, and, of course, alcohol.

J-Rite is 100% blackhearted. New to the city of Grand Rapids but not new to making money, she was born a straight gangster. The pint-sized exotic dancer turned street hustler is caught up in living the "Black American Hood Dream." She has no off button or filter when it comes to getting paid. With a team of murder-minded goons ready to do nothing but win, win, win, J-Rite makes enemies of everyone, including the man she loves, all because they dare to stand in the way of her being on top.

This volume tells the story of what the 1988 closing of the Chrysler assembly plant in Kenosha, Wisconsin, meant to the people who lived in that town. Through interviews with displaced autoworkers and other members of the community it dramatizes the lessons Kenoshans drew from the plant shutdown. This volume tells the story of what the 1988 closing of the Chrysler assembly plant in Kenosha, Wisconsin, meant to the people who lived in that company town. Since the early days of the 20th century, Kenosha had forged its identity and politics around the interests of the auto industry. When nearly 6000 workers lost their jobs in the shutdown, the community faced not only a serious economic crisis but also a profound moral one. In this study, Dudley describes the painful, often confusing process of change that residents of Kenosha, like the increasing number of Americans who are caught in the crossfire of de-industrialization, were forced to undergo. Through interviews with displaced autoworkers and Kenosha's community leaders, high-school counsellors and a rising class of upwardly mobile professionals, Dudley dramatizes the lessons Kenoshans drew from the plant shutdown.

Presents interviews with workers at Ford's Michigan Truck Plant outside Detroit, giving insight into the day-to-day experiences of American automobile workers

The rules of love and second chances are due for a major-league shake-up in a warm, witty, and unpredictable romance by the bestselling author of *The Friend Zone*. Ian "Bash" Sebastian and Ember Carlson were high school sweethearts...until their single parents got married. With one thorny twist of fate, a secret young crush went from on fire to off-limits. What could a new stepbrother do but bail? Now, after almost four years, Bash has returned to Seattle, and he's back in Ember's orbit at *End of the Line*. EOL is the go-to college for second-chance scholarships. But what about love? Sure, the old hurts are there. So is the attraction--and it's more magnetic than ever. Still, they're adults now, levelheaded and just fine with the friend thing. If only to make family dinners less awkward. But when they agree to start dating other people, moving on threatens to bring them closer together than ever. Is it time to admit their past to their parents? Even trickier, their hope for the future? Because Ember and Bash deserve a love story of their own. With all their defenses down, can they make it a happy ever after?
