Use resources to get your questions answered—use email, Piazza/discussion-board to share questions with the instructor, TA, or other students (as appropriate). Google other online resources and do some background research. Show up to (online) class mentally ready, and prepared to solve problems. You get out what you put in, and passive learning isn't going to help you on any assessment. Think ...

Students - Quest Learning & Assessment - UT Austin Wikis
Algebraic free response questions allow your instructor to ask a question that expects an algebraic expression as an answer. Unlike a short answer question these questions don't require your submission to exactly match the answer in the system, but rather your answer has to be mathematically equivalent to the correct answer on record (eg. X+1 is the same thing as 1+X). These questions are also ...
